LUSAKA

Sir,

Your Committee have the honour to present their Report on Outstanding Issues as contained in the Report of the Auditor-General on the Accounts for the Financial Year ended 31st December 2004. Your previous Committee for the Fifth Session of the Ninth National Assembly were not able to consider outstanding issues due to lack of time as a result of tripartite elections that took place in 2006.

Functions of the Committee

The functions of your Committee are to examine the accounts showing the appropriation of sums granted by the National Assembly to meet the public expenditure, the Report of the Auditor-General on these accounts and such other accounts, and to exercise the powers that may be conferred on them under Article 117(5) of the Constitution Chapter 1 of the Laws of Zambia.

Meetings of the Committee

Your Committee held eight (8) meetings.

Procedure adopted by the Committee

The procedure adopted to consider outstanding issues was such that a Sub-Committee of two Members comprising; Mr E M Hachipuka, MP and Mr V Mwale, MP was appointed to consider the outstanding issues and treasury minutes. The sub-Committee was assisted by the Committee of Officials headed by the Accountant-General. The Sub-Committee upon completing their deliberations, submitted their report to your main Committee containing suggested recommendations for further consideration and adoption.

The Sub-Committee had recommended that there were outstanding issues that needed the Secretary to the Treasury to give updates on and state the way forward. These were on:

- 1994 and 1995 issues on maize and fertilizer marketing;
- Sale of Nanga Farm shares; and
- Operations of the Zambia National Oil Company (now in liquidation).

The Secretary to the Treasury appeared before your Committee and gave the updates.

This Report contains your Committee's general observations on treasury minutes and recommendations on the outstanding issues.

PART I

CONSIDERATION OF TREASURY MINUTES

1.0 FINDINGS ON TREASURY MINUTES

1.1 Treasury Minutes on the Public Accounts Committee Report on the Auditor-General's Report on the Accounts for the Financial Year ended 31st December 2003.

There were 77 paragraphs containing recommendations in the Public Accounts Committee Report for 2003. 29 (38 percent) paragraphs were addressed. 48 paragraphs remain outstanding.

With respect to recommendations, your previous Committee made 303 recommendations on specific issues out of which 183 (60 percent) were addressed. 120 (40 percent) recommendations remain outstanding.

1.2 Treasury Minute on the Public Accounts Committee Report on the Auditor-General's Report on the Accounts for the Financial Year ended 31 December 2004

There were 35 paragraphs in the Public Accounts Committee Report, and only 3 (8.6 percent) paragraphs were addressed in full. 32 paragraphs remain outstanding.

Your Committee made 196 recommendations of which 28 (14 percent) were addressed in full. 168 (86 percent) recommendations remain outstanding

1.3 Treasury Minute on the Public Accounts Committee Report on the Auditor-General's Report on the Accounts of Parastatal Bodies for 2004

Six institutions were audited. From these audits 115 recommendations were made. 37 (32 percent) recommendations were addressed in full. 78 (68 percent) remain outstanding.

Observations and Recommendations

Your Committee observe that the number of outstanding issues remains high. The reasons that the Sub-Committee recognise as leading to this are:

- (i) some cases are before investigative wings and courts;
- (ii) delays by controlling officers to take action and report progress;

- (iii) the Auditor-General is unable to make verifications because documents in a number of cases are not in order due to poor record keeping in government institutions; and
- (iv) poor record keeping resulting in the failure to locate missing supporting documents for payments and to assist with investigations.

Your Committee, therefore, recommend that the Secretary to the Treasury should ensure that audit committees in ministries are in place and operational so that they can make follow-ups on recommendations. To enhance the process of follow-up and for ease of monitoring, they further recommend that controlling officers should charge the responsibility of follow ups to specific accounting officers.

Controlling officers that fail to report progress on recommendations either positive or negative should be disciplined.
