- 19. Deadline for submission of bids**
- 19.1 Bids shall be received by the Purchaser at the address specified under ITB Clause 18.2 no later than the time and date specified in the Bid Data Sheet.
- 19.2 The Purchaser may, at its discretion, extend the deadline for the submission of bids by amending the bidding documents in accordance with ITB Clause 7, in which case all rights and obligations of the Purchaser and Bidders previously subject to the deadline shall thereafter be subject to the deadline as extended.
- 20. Late bids**
- Any bid received by the Purchaser after the deadline for the submission of bids prescribed by the Purchaser pursuant to ITB Clause 19 shall be rejected and returned unopened to the Bidder.
- 21. Modification and withdrawal of bids**
- 21.1 The Bidder may modify or withdraw its bid after submission of the bid, provided that written notice of the modification, including substitution or withdrawal of the bids, is received by the Purchaser prior to the deadline prescribed for the submission of bids.

E. Opening and Evaluation of Bids

22. Opening of bids by the Purchaser

- 22.1 The Purchaser shall open all bids in the presence of the Bidders' representatives who choose to attend, at the time, on the date, and at the place specified in the Bid Data Sheet. The Bidders' representatives who are present shall sign a register evidencing their attendance.
- 22.2 The Bidders' names, bid modifications or withdrawals, bid prices, discounts, and the presence or absence of requisite bid security and such other details as the Purchaser, at its discretion, may consider appropriate, will be announced at the opening. A bid shall not be rejected at the **opening** of the bid, except for late bids, which shall be returned unopened to the Bidder pursuant to ITB Clause 20.
- 22.3 Bids (and modifications sent pursuant to ITB Clause 21.2) that are not opened and read out at the opening of the bid shall not be considered further for evaluation, irrespective of the circumstances. Withdrawn bids shall be returned unopened to the Bidders.
- 22.4 The Purchaser shall prepare minutes of the opening of the bid.

23. Clarification of bids

During evaluation of the bids, the Purchaser may, at its discretion, ask the Bidder for a clarification of its bid. The request for clarification and the response shall be in writing, and no change in the prices or substance of the bid shall be sought, offered, or permitted.

24. Preliminary examination

- 24.1 The Purchaser shall examine the bids to determine whether they are complete, whether any computational errors have been made, whether required sureties have been furnished, whether the documents have been properly signed, and whether the bids are generally in order.
- 24.2 Arithmetical errors will be rectified on the following basis. If there

is a discrepancy between the unit price and the total price that is obtained by multiplying the unit price and quantity, the unit price shall prevail, and the total price shall be corrected. If the Supplier does not accept the correction of the errors, its bid shall be rejected, and its bid security may be forfeited. If there is a discrepancy between words and figures, the amount in words shall prevail.

- 24.3 The Purchaser may waive any minor informality, nonconformity, or irregularity in a bid which does not constitute a material deviation, provided such waiver does not prejudice or affect the relative ranking of any Bidder.
- 24.4 Prior to the detailed evaluation, pursuant to ITB Clause 26, the Purchaser will determine the substantial responsiveness of each bid to the bidding documents. For purposes of these Clauses, a substantially responsive bid is one which conforms to all the terms and conditions of the bidding documents without material deviations. Deviations from, or objections or reservations to critical provisions, such as those concerning Bid Security (ITB Clause 15), Applicable Law (GCC Clause 16), and Taxes and Duties (GCC Clause 7), shall be deemed to be a material deviation. The Purchaser's determination of a bid's responsiveness shall be based on the contents of the bid itself without recourse to extrinsic evidence.
- 24.5 If a bid is not substantially responsive, it shall be rejected by the Purchaser and may not subsequently be made responsive by the Bidder by correction of the nonconformity.

25. Conversion to single currency

- 25.1 To facilitate evaluation and comparison, the Purchaser shall convert all bid prices expressed in the amounts in various currencies in which the bid prices are payable to either:
 - (a) the currency of the Purchaser's country at the selling exchange rate established for similar transactions by the Central Bank or a commercial bank in the Purchaser's country;
 - or**
 - (b) a currency widely used in international trade, such as U.S. dollars, at the selling rate of exchange published in the international press for the amount payable in foreign currency; and at the selling exchange rate established for similar transactions by the Central Bank in the Purchaser's country for the amount payable in the currency of the Purchaser's country.
- 25.2 The currency selected for converting bid prices to a common base

for the purpose of evaluation, along with the source and date of the exchange rate, are specified in the Bid Data Sheet.

26. Evaluation and comparison of bids

26.1 The Purchaser will evaluate and compare the bids which have been determined to be substantially responsive, pursuant to ITB Clause 24.

26.2 The Purchaser's evaluation of a bid will exclude and not take into account:

(a) in the case of goods manufactured in the Purchaser's country or goods of foreign origin already located in the Purchaser's country, sales and other similar taxes, which will be payable on the goods if a Contract is awarded to the Bidder;

(b) in the case of goods of foreign origin offered from abroad, customs duties and other similar import taxes which will be payable on the goods if the Contract is awarded to the Bidder; and

(c) any allowance for price adjustment during the period of execution of the Contract, if provided in the bid datasheet.

26.3 The comparison shall be between the EXW price of the goods offered from within the Purchaser's country, and the CIF named port of destination (or CIP border point, or CIP named place of destination) price of the goods offered from outside the Purchaser's country.

26.4 The Purchaser's evaluation of a bid will take into account, in addition to **the bid price** quoted in accordance with ITB Clause 11.2, one or more of the following factors as specified in the **Bid Data Sheet**:

(a) cost of inland transportation, insurance, and other costs within the Purchaser's country incidental to delivery of the goods and assemble to their final destination;

(b) the delivery schedule offered in the bid;

(c) deviations in the payment schedule from that specified in the Special Conditions of Contract;

(d) Technical specifications;

(e) the availability in the Purchaser's country of spare parts and after-sales services for the equipment offered in the bid;

- (f) other specific criteria indicated in the **Bid Data Sheet** and/or in the Technical Specifications.

26.5 For factors retained in the Bid Data Sheet pursuant to ITB 26.4, one or more of the following quantification methods will be applied, as detailed in the Bid Data Sheet:

- (a) *Inland transportation from EXW/port of entry/border point, insurance, and incidentals.*

Inland transportation, insurance, and other incidental costs for delivery of the goods from EXW/port of entry/border point to Project Site named in the Bid Data Sheet will be computed for each bid by the Purchaser on the basis of published tariffs by the rail or road transport agencies, insurance companies, and/or other appropriate sources. To facilitate such computation, bidder shall furnish in its bid the estimated dimensions and shipping weight and the approximate EXW/CIF (or CIP border point) value of each package. The above cost will be added by the Purchaser to EXW/CIF/CIP border point price.

- (b) *Delivery schedule.*

- (i) The Purchaser requires that the goods under the Invitation for Bids shall be delivered (shipped) at the time specified in the Schedule of Requirements. The estimated time of arrival of the goods at the Project Site will be calculated for each bid after allowing for reasonable international and inland transportation time. Treating the bid resulting in such time of arrival as the base, a delivery “adjustment” will be calculated for other bids by applying a percentage, specified in the Bid Data Sheet, of the EXW/CIF/CIP price for each week of delay beyond the base, and this will be added to the bid price for evaluation. No credit shall be given to early delivery.

or

- (ii) The goods covered under this invitation are required to be delivered (shipped) within an acceptable range of weeks specified in the Schedule of Requirement. No credit will be given to earlier deliveries, and bids offering delivery beyond this range will be treated as non-responsive. Within this acceptable range, an adjustment per week, as specified in the Bid Data Sheet, will be added for evaluation to the bid price of bids offering

deliveries later than the earliest delivery period specified in the Schedule of Requirements.

or

- (iii) The goods covered under this invitation are required to be delivered (shipped) in partial shipments, as specified in the Schedule of Requirements.
